

HOLIDAY PARTY VAPORIZER BAR

Hosting a holiday event? Let OCC help you elevate the mood of your next gathering!

At your holiday parties this season, don't just offer drinks - offer your guests a **Cannabis/CBD Vaporizer Bar**. Your discerning and VERY happy guests will enjoy a curated collection of small batch, organic, lab tested Oregon craft cannabis using a selection of high-end vaporizers. To ensure that your guests have the best time, a friendly and experienced Budtender will assist in selecting strains, operating the vaporizers, and answering any questions!

Oregon's Cannabis Concierge will help you choose from a wide selection of products to support all intentions. Temperature based vaporization allows extracting a particular range of terpenes and cannabinoids to offer specific outcomes. We assist in helping guests make informed choices, resulting in an experience rich in taste with no coughing, all while fostering an upbeat, engaged effect. We can also help source flower which is high/all CBD, for those looking to avoid THC.

Vaporization focuses on a precise temperature extract of the active ingredients in cannabis, including terpenes, which provide taste, scent and effects. Flower options can include CBD as well as a wide variety of Indica, Hybrid and Sativa dominant strains. An optional **Joint Rolling Station** for guests to utilize is also available, as is a water pipe and portable vaporizers.

Oregon's Cannabis Concierge has been providing vaporizer sessions for parties, weddings and gatherings for more for over 10 years. Our **Backstage Budtending** sessions have been produced at venues, festivals, recording sessions and private shows, and was featured in *Pollstar* earlier this year. OCC director Joshua J Taylor is an knowledgeable cannabis industry specialist, having written a syndicated newspaper column on cannabis for the past five years, as well as having produced a number of consumption events for the public, private events and the cannabis industry.

Get in touch, and let's make your party the one everybody talks about.

OREGON'S CANNABIS CONCIERGE

Josh@oregonscannabisconcierge.com

Oregon's Cannabis Concierge does not sell cannabis products with this service, although we will source and help order products for the hosts to purchase through a licensed dispensary. Otherwise our services are limited to equipment rental, set up and removal, event production services and staffing. All services provided are to 21 and over, or 18 and older with a OMMP card. We monitor consumption to insure every guest has a pleasant and functional experience. Do not operate a motor vehicle after consuming cannabis. That includes those rent-a-scooters too. Those things are fun enough without weed.
